

CrazyTalk MP4 codec activation Tutorial

Step 1. Export MP4 file

You are requested to active when MP4 file is exported at first time. The online activation dialogue will be presented. Furthermore, you only need to active once.

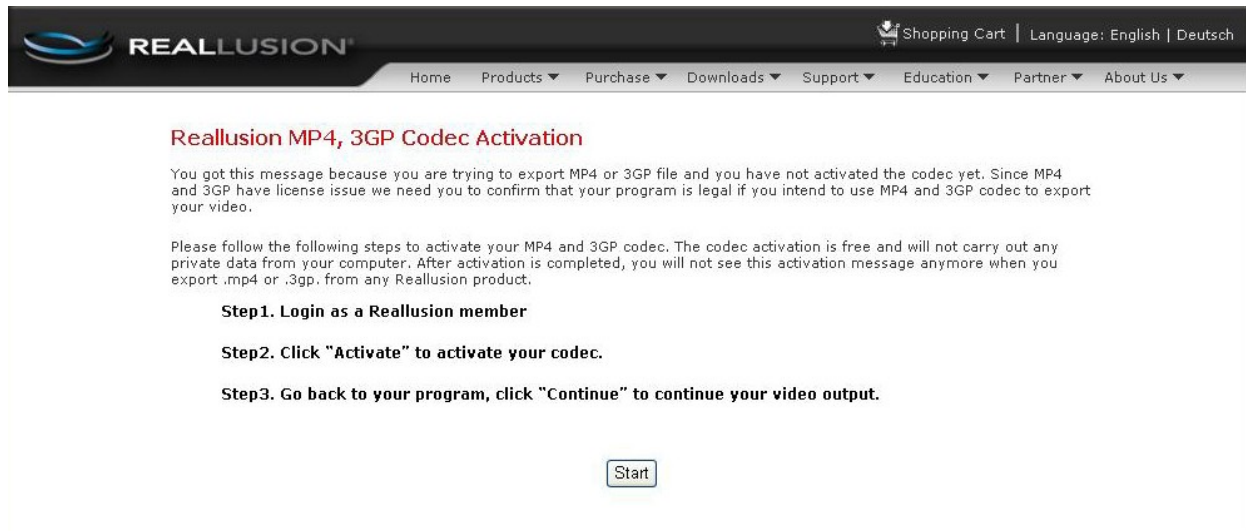

Please press 'Activate' button to activate the codec. If you have finished the activation, please press 'Continue' button to proceed this output.

Step 2. Open 'Reallusion MP4, 3GP Codec Activation' web page

When 'Activate' button have been pressed, 'Reallusion MP4 3GP Codec Activation web page' will be opened. Please press 'Start' button.

Reallusion MP4, 3GP Codec Activation

You got this message because you are trying to export MP4 or 3GP file and you have not activated the codec yet. Since MP4 and 3GP have license issue we need you to confirm that your program is legal if you intend to use MP4 and 3GP codec to export your video.

Please follow the following steps to activate your MP4 and 3GP codec. The codec activation is free and will not carry out any private data from your computer. After activation is completed, you will not see this activation message anymore when you export .mp4 or .3gp. from any Reallusion product.

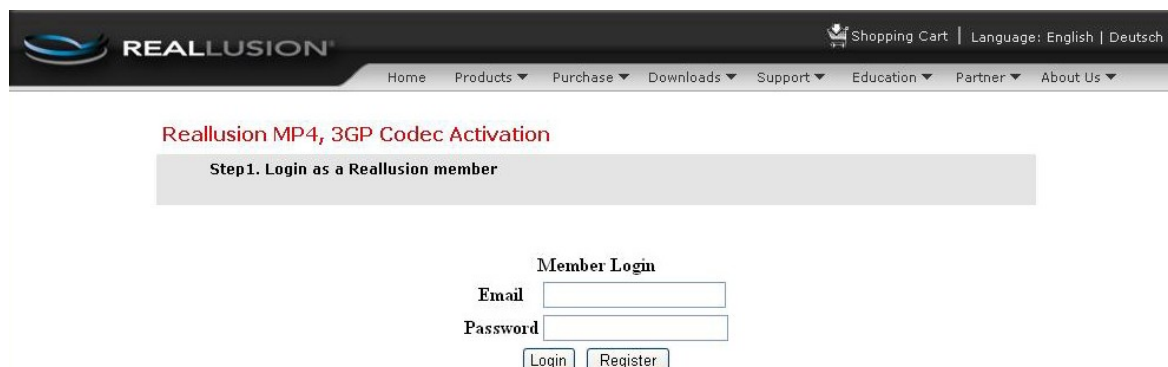

Step1. Login as a Reallusion member

Step2. Click "Activate" to activate your codec.

Step3. Go back to your program, click "Continue" to continue your video output.

Step 3. Login as a 'Reallusion member'

If you are 'Reallusion member', and your CrazyTalk has also been registered in your member, you may enter your E-mail and password. Then, press 'Login' button. If you haven't registered, please press 'Register' button.
