Desert Storm Army Base

This is the first large scene for Filmset & Props War series. We offer a number of props to be used in desert such as oil field, factories, and other constructions for users to make military films. Besides an already completed large scene, individual props are also included in the pack so users can combine them freely. This pack works great with the default smoke particles in iClone. You can use it to create realistic battle ground effects. The texture of this pack is very detailed. Especially the oil rigs, you can take close-up shots.

Pack Includes:

- 3D Scene x 1
- Building x 17
- Prop x 16
- Oil Gathering Facility x 3
- Ruin x 6
- Terrain x 1
- Sky x 1

Vehicles and Characters are not included.

Specification:

- Content Type: iClone Props
- Requirement: For iClone 3 or above

Armed forces and industrial interiors - Warehouse

The purpose of Filmset and Props is to establish the concept of a movie studio so you can construct the filmset anyway you want. This series introduces more delicate textures to design props and partitions to satisfy your need to shoot the film closely. The specially designed props set combines the floor with some of the furniture so you can construct only the partition to create a complete set quickly. Furthermore, you can use the scale, rotate, and move function in iClone to control the partition allocation of the set, and create a perfect indoor set suitable to your needs.

Pack Includes:

- 22 Props

Specification:

- Requirement: For iClone 3.2C or above
